

Share your views on Dementia Diagnosis and Support in Aberdeenshire

To help us understand people's experiences of receiving a diagnosis of dementia and the support that followed, we have planned some engagement activities which will really help us shape how we deliver services in the future.

We want to hear from

- People who have dementia
- Unpaid carers
- Family members / relatives
- Professionals providing services to people with dementia

We have developed a short survey which takes around 10 – 15 minutes to complete and closes on the 02 July 2023.

An online version of the survey is available for completion via the [Engage Aberdeenshire](#) website or via the QR code below:

The following drop-in sessions are available in June, which will give you the opportunity to complete the Dementia Support survey in a face-to-face setting:
