

IMPORTANT ANNOUNCEMENT FOR PATIENTS

As per the Pandemic Tactical Response Team of NHS Grampian, following the Prime Minister's announcement that we are in lockdown, our doors are **closed**.

If you have an appointment, or require assistance, there is a bell on the speaker on a table outside the practice to press, and one of our team will help you.

Please place all samples and prescription requests through the letter box.

For St. Cyrus patients who do not have access to e-mail and cannot e-mail in their prescription requests, there will be a box in the village shop where you can post your prescription, and these will be collected daily for a temporary period of **three weeks only** starting tomorrow (27.03.2020).

Lorna Grubb
Practice Manager
